

**PUBLIC PETITIONS COMMITTEE CONSIDERATION OF PE1471
QUESTIONS / ISSUES ARISING FROM COMMITTEE MEETINGS**

TUESDAY 12 NOVEMBER 2013

Scottish Government—

- Given that you stated in your most recent letter that responsibility for “ensuring staff were appropriately trained...lies with NHS Health Boards”, what action has been taken to meet the Scottish Government’s commitment to “require all NHS Boards to ensure, by 2013, that all staff routinely dealing with young people have had appropriate training”?; and
- How does the Scottish Government monitor and how is it able to demonstrate that this requirement is being fulfilled by all NHS Boards?

TUESDAY 3 SEPTEMBER 2013

Scottish Government—

NHS Education for Scotland—

- Have commitments 3 and 4 contained in the National Delivery Plan for Children and Young People’s Specialist Services in Scotland, which address staff training, been met? Namely:
 - To undertake, through NHS Education for Scotland, a Training Needs Analysis in regard to adolescent care; and
 - To require all NHS Boards to ensure, by 2013, that all staff routinely dealing with young people have had appropriate training.

TUESDAY 14 MAY 2013

NHS Education for Scotland—

- What has been the uptake for the Adolescent Healthcare Resource?
- What ‘gaps’ still remain in the training of staff that work with young people? For example, the training of all staff in relation to the transition of patients from paediatric wards to adult wards.

NHS Lothian—

- What are the reasons for the decision not to include a dedicated adolescent ward in NHS Lothian’s new hospital?
