

**PE1505/K**

Petitioner Email of 31 December 2014

Dear Chris,

Thanks for the opportunity to comment on the group B Strep petition. I would like to thank the Committee for obtaining assurance from NHS Health Scotland that in future I will be given longer for consultation when the full rewrite of the group B Strep section is rewritten by the end of this financial year and that my comments will be taken into account at that time.

I am concerned that there are a number of outstanding points which I raised in my email of 10 June 2014:

[http://www.scottish.parliament.uk/S4\\_PublicPetitionsCommittee/General%20Documents/PE1505\\_C\\_Petitioner\\_10.06.14.pdf](http://www.scottish.parliament.uk/S4_PublicPetitionsCommittee/General%20Documents/PE1505_C_Petitioner_10.06.14.pdf) and others which Group B Strep Support

raised in their email of 16 June 2014:

[http://www.scottish.parliament.uk/S4\\_PublicPetitionsCommittee/General%20Documents/PE1505\\_D\\_Group\\_B\\_Strep\\_Support\\_16.06.14.pdf](http://www.scottish.parliament.uk/S4_PublicPetitionsCommittee/General%20Documents/PE1505_D_Group_B_Strep_Support_16.06.14.pdf).

I ask that these points are both considered and discussed at the meeting on 13 January 2015.

I will be watching with interest.

Yours sincerely

Jackie Watt
