Dear Sirs,

Public Petition PE1522, The Water Environment (Oil Storage) (Scotland) Regulations 2006 (the "Oil Storage Regulations") and Other Legislation

Thank you for copying to us the recent letter which you sent to the Scottish Parliament Public Petitions Committee regarding the application of the Oil Storage Regulations to oil storage sites of different sizes and for different uses.

As a national distributor of oils for various uses with a large presence in Scotland, we read with interest a number of the comments that you raised in your letter. We are keen to be closely involved in this debate and engage with SEPA and other stakeholders in an open discussion to explore all options to identify the most suitable, sensible solution that addresses the concerns of all those affected by operations of the kind we undertake.

We should be grateful if communications on this topic be directed to Brian Worrall, Director of Corporate Affairs for Certas Energy. We would be pleased to attend any meetings that may be of use in taking the discussions forward.

Yours faithfully,

A black rectangular box redacting the signature of Dr Brian Worrall.

Dr Brian Worrall
Director of Corporate Affairs, Certas Energy
