

PE1759/C

Perth and Kinross Council submission of 11 September 2020

In relation to the above petition I can only provide you with information from a Perth and Kinross Council Education and Children's Services perspective.

We provide 25 hours of education for all primary aged children (P1-3) and 27.5 hours of education for all secondary aged children (S1-6). Our geography, location of schools and associated travel plans for school transport enable this pattern to be provided – it may be that in some parts of this country this would present more of a challenge.

I would have no comment to make on the petition more generally.
