### **Section F – Motions and Amendments**

Motions and amendments are normally printed the day after they are lodged. If an amendment is lodged to a motion then the original motion will appear alongside the amendment, along with any support lodged that day, in this section.

Each Monday, this section also contains all motions and amendments lodged the previous week that are still live and any motions and amendments that have been lodged for debate in the coming week. A motion or amendment is live if it has not been debated, withdrawn or otherwise deleted from the list.

Where a motion or amendment has been withdrawn, it is indicated in this section the day after it has been withdrawn. Support for motions and amendments received after they are lodged is shown at the end of this section the day after such support is received.

Motions and amendments can be published with various symbols:

- Asterisks before the motion or amendment number indicate a motion or amendment published for the first time;
- Asterisks also identify alterations to the text of a motion or amendment made since it was first published;
- A hash symbol identifies motions eligible for debate at Members' Business;
- A diamond symbol identifies motions lodged for Members' Business that have not yet attracted the required cross-party support;
- An "R", identifies motions or amendments in which the Member who lodged it has a registrable interest.

The Parliamentary Bureau periodically deletes motions or amendments not scheduled for debate and which are over six weeks old.

A search facility is also available on the Scottish Parliament web site at <http://www.scottish.parliament.uk/parliamentarybusiness/28877.aspx>.

Any questions in relation to this section should be directed to the Chamber Desk, for which contact details are provided at the end of the Bulletin.

**\*S4M-13203 Jackie Baillie: The Future of Scotland's Economy**—That the Parliament believes that tackling Scotland's attainment gap is crucial to future economic performance, in recognition of OECD research demonstrating that inequality has caused a cumulated loss in GDP of 8.5% over 25 years; notes with concern new analysis by Dr Jim Scott of the University of Edinburgh showing that the number of candidates gaining levels 3 to 5 qualifications in the Scottish Credit and Qualifications Framework (SCQF), the replacement for standard grades, dropped by 20% between 2012-13 and 2013-14; notes that standards in literacy and numeracy in Scottish schools have fallen since 2012, with 75% of S2 pupils from the most disadvantaged backgrounds not having the numeracy skills that they should; further notes with concern that spending on education and training fell in Scotland between 2009-10 and 2013-14 whereas it rose across the rest of the UK; notes with concern the subsequent fall in both funding and students in Scotland's colleges; believes that a renewed focus on science, technology, engineering and mathematics (STEM) subjects is required from the Scottish Government; recognises the recent establishment of the Scottish Attainment Challenge; welcomes clarification from the First Minister that attainment advisers will indeed be placed in every local authority; further recognises that more must be done to address the attainment gap; welcomes proposals by Scottish Labour to tackle this with a further £25 million per year programme of investment, totalling £125 million over a five-year parliamentary session, including doubling the number of teaching assistants and 10 new literacy teachers in each of the associated primary schools of the 20 high schools facing the greatest challenges, in addition to the Scottish Government's plans and paid for through a 50p top rate of tax; calls on the Office of the Chief Economic Adviser in the Scottish Government to undertake a distributional impact assessment of the attainment gap in Scotland's schools, and believes that education is both key to addressing the scandal of inequality in Scottish society and a crucial investment in the future of Scotland's economy.

**\*S4M-13201 Bill Kidd: Trident is a Disaster Waiting to Happen, says Whistleblower**—That the Parliament notes with concern the claims by William McNeilly, who is a Royal Navy submariner, in his 18-page report, *The Secret Nuclear Threat*; understands that the report identifies 30 lapses in operational security with a

Trident nuclear submarine, including a fire in the missile compartment, a missile launch test failing three times, failure to check the hatch for launching a missile and a fault alarm sounding in the missile control centre being ignored; believes that investigations must be made into what, if proven accurate, amount to serious safety breaches and that the Ministry of Defence must not disregard the report's contents, and commends what it considers the courageous actions of this whistleblower, who it believes has shown concern for the safety of the public above concerns for his own future.

#### **Bills in Progress**

**A list of all Bills in progress can be accessed via the Scottish Parliament website at:**

**<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/576.aspx>**

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is three sitting days before the meeting at which those amendments will be considered (e.g. Thursday for a meeting on Tuesday); at Stage 3 it is four days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for Stage 2, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
