Our ref:
4 January 2017

Dear Graeme,

The Scottish Government is today launching a public consultation on the long-term arrangements for management of the Crown Estate assets in Scotland. This consultation will inform the second phase of devolution, following the interim arrangements.

The consultation will be available to view online on the consultation web pages of the Scottish Government website at: <https://consult.scotland.gov.uk/crown-estate-strategy-unit/long-term-management-of-the-crown-estate> and details have also been sent to the ECCLR Committee Clerk.

We are inviting written responses to the consultation paper by Wednesday 29 March 2017.

I hope this helpful.

ROSEANNA CUNNINGHAM
