Supply and Demand for Medicines

Thank you for your letter of 23 March 2020, which due to a processing error was not actioned upon receipt, please accept my apologies for this oversight. I have noted the Health and Sport Committee's report on the Supply and Demand for Medicines published on 30 June 2020. Before I provided a response to the written questions following my appearance at the Committee, my Officials are reviewing the report and the 129 recommendations contained, a number of which appear to be outwith the scope of the Committee's initial inquiry remit.

I do not propose to respond separately to your letter of 23 March 2020, but will provide a fuller response in the coming weeks to the report's recommendations, which will also cover the points noted in your letter of 23 March.

Kind regards

Jeane Freeman
